

PRODUCT GUIDE

2024

OUR VISION

“To be recognized as the best AV signal distribution and control products and services company on the planet.”

-Jeff Murray, Founder, and CEO

OUR VALUES

RESPECT

We treat all our employees, customers, and partners with respect, dignity, and appreciation.

QUALITY

We strive for excellence in everything we do and are committed to providing the highest quality products and services.

INTEGRITY

We adhere to the highest standards of ethical conduct and act with honesty and transparency in all our dealings.

COLLABORATION

We foster an environment of collaboration, where everyone is encouraged to contribute their ideas and work together towards a common goal.

INNOVATION

We embrace change and new ideas and strive to be at the forefront of technology and industry trends.

COMMUNITY

We are committed to being a responsible and engaged member of the global community, and to giving back to the communities in which we operate.

OUR EDGE

THE SUPPORT EDGE

Our CTS Certified Tech Support team has a unique philosophy. Instead of providing support on our products only, we will stay with you until your entire installation is up and running, no matter the different brands or products used.

THE DEVELOPMENT EDGE

AVPro Edge designs, engineers, and manufactures our products. Because of this, we are typically first to market with the latest technologies. This also means that we have unique features not seen from other companies.

THE MANUFACTURING EDGE

AVPro owns our manufacturing in Shenzhen, China. This allows us to control the entire process down to component selection for circuit boards inside our products. The more of the process you control, the more the cost goes down and the quality goes up.

THE MURIDEO EDGE

Our roots are deep in picture quality and accuracy. We were able to take the engineering power behind our HDMI test generators and analyzers and apply it to connectivity to create products unlike any others.

THE DISTRIBUTION EDGE

AVPro has curated relationships with trusted distribution partners across the globe to assure our products are available world-wide at the best prices.

THE ISF EDGE

All AVPro sales and support team members are ISF Level III certified and we host ISF (Imaging Science Foundation) display calibration seminars around the world. That means we understand the science behind a great picture.

THE EDUCATION EDGE

AVPro Academy is an AVIXA and CEDIA accredited class hosted by AVPro Edge that focuses on high bandwidth video distribution training. We also offer educational opportunities from ISF, HAA, and PVA.

THE 10 YEAR NO BS WARRANTY EDGE

AVPro Edge has developed a warranty that anyone can get behind. We take out all of the “red tape” and make it simple - 10 years, no BS.

AVPro Edge specializes in full bandwidth audio-video distribution. Working alongside HDMI, HDBaseT, and HDCP, we pride ourselves on developing uniquely engineered solutions for today's integrator. From 40Gbps and 18Gbps matrix switchers and video wall processors to HDMI extension products and AV-over-IP, AVPro Edge's product line-up is diverse. Rather than throttling features, we provide integrators with cutting-edge, affordable solutions. We design each of our solutions to exploit every capability of the chipset inside. Ultimately, AVPro Edge sets itself apart from the competition with built-in features like scaling, test patterns, audio de-embedding, and audio downmixing. As an original equipment manufacturer, we are so confident with the reliability of our products that we offer an industry-leading ten-year manufacturer's warranty. At AVPro Edge, we continue to push audio-video technology into the future and make sure our customers receive dependable products along the way.

TAA COMPLIANT

Integrators accustomed to doing business via GSA Schedule contracts now have new opportunities to expand the AVPro Edge footprint into installations from which they were previously excluded. AVPro is among a limited number of American-based manufacturers able to declare TAA compliance. We are committed to upholding the highest standards of quality and compliance, ensuring that our TAA compliant products meet all the necessary requirements and regulations. Our competitive pricing reflects our dedication to supporting our partners with exceptional value and superior American-made technology solutions. NETWORK SWITCHES

MXnet 1G 48, 24, & 12-Port Network Switches

MSRP: \$8,699.00 (AC-MXNET-SW48)

MSRP: \$4,399.00 (AC-MXNET-SW24)

MSRP: \$1,999.00 (AC-MXNET-SW12)

- AVPro Edge engineered and optimized multicast A/V firmware modules
- Less than 40 ms latency
- Intelligent A/V Processing (IAVP)
- Less than two seconds switching time

AC-MXNET-1G-EV2WP

Evolution II 1G Wall Plate Encoder

MSRP: \$1,399.00

- Low latency, native 4K/60 fps support
- Fits standard NEMA double-gang wall boxes
- HDMI/USB-C dual-inputs with analog audio follow
- Transformer-free, PoE powered

DANTE ENCODERS & DECODERS

Evolution II 1G Dante Encoder and Decoder

MSRP: \$1,399.00 (AC-MXNET-1G-DANTE-EV2)

MSRP: \$1,399.00 (AC-MXNET-1G-DANTE-DV2)

- Dante support
- High bitrate 3D Immersive Audio Compatible
- Optimized video compression for artifact-free images
- Support for HDR10, HDR10+ and Dolby Vision

AC-MXNET-CBOX-HA

MXnet 1G Control Box

MSRP: \$719.00

- Web-based Apache Web Server
- PoE powered (uses 1.3 watts)
- Works with any multicast-capable, managed third-party switch
- MXnet Mentor pre-installed

AC-MXNET-10G-SW24C

MXnet 10G 24-Port, Copper, PoE Network Switch

MSRP: \$12,999.00

- 8 ports are PoE++ Type 3 @ 60 watts
- 16 ports are PoE+ Type 2 @ 30 watts
- 2 x 40G QSFP+ stacking uplink ports
- 680 Gbps switching capacity headroom

NETWORK SWITCHES

MXnet 10G 48 & 24-Port Network Switches

MSRP: \$26,500.00 (AC-MXNET-10G-SW48Q)

MSRP: \$10,999.00 (AC-MXNET-10G-SW24Q)

- 10G SFP on each port
- Stackable with QSFP+ 40 Gbps ports
- Zero-latency for audio/video
- Engineered for MXnet

AC-MXNET-10G-TCVR

MXnet 10G Transceiver, HDMI Encoder/Decoder Unit

MSRP: \$1,769.00

- Dual-10GbE ports, copper or fiber
- Near-zero latency
- Signals less than 10 Gbps uncompressed
- Multi-view support

AC-MXNET-10G-TCVR-PRO

MXnet 10G Transceiver, HDMI Encoder/Decoder with ICRON's USB 2.0, ExtremeUSB™ & Dante

MSRP: \$2,499.00

- ExtremeUSB® for full featured USB 2.0 Support
- Dual 10GbE ports, copper or fiber
- Multi-view support

FEATURED EXTENDERS

AC-EXO-X-KIT

8K/60 Hz, 40 Gbps, 300 Meter HDMI Extender Kit via Fiber Optics

MSRP: \$2,099.00

- HDMI 2.1
- 4K/120fps Support
- Built-in loop out and scaler on receiver
- Single strand multimode fiber with LC connector

AC-EX40-444-KIT

4K/60 Hz 18 Gbps, 40 Meter HDMI Extender Kit via HDBaseT

MSRP: \$1,009.00

- HDMI 2.0
- 18 Gbps bandwidth support (using ICT)
- Up to 4K/60 4:4:4 support
- Full HDR support

AC-EX70-UHD-KIT

4K/30 Hz, 10Gbps, 70 Meter HDMI Extender Kit via HDBaseT

MSRP: \$679.00

- EDID management
- 4K/30 Hz 10.2 Gbps support
- May be powered from one side only
- 70 Meters (230ft) with 1080P & up to 40 Meters (131ft) with 4K
- Ultra-slim form factor (.47 inch/12 mm)

AVPro Edge offers extenders for every installation. From our top-of-the-line 444 series - capable of 18 Gbps data rates, 4K resolutions, 60 frames per second, 4:4:4 color space with High Dynamic Range and Wide Color Gamut - to our most basic 10 Gbps 70 meter kit, our extenders are built to perform and last in the most mission-critical environments.

Dante has emerged as an ingenious method to distribute the highest quality digital audio signals across expansive areas with no loss to original fidelity. Already a Pro Audio standard and in wide use commercially, Dante is poised to make a sophisticated challenge as the redefined face of the digital era for distributed audio, and it only seems inevitable that it will make substantial inroads into the residential space. The implementation of Dante enables the reduction of rack clutter, simplifies troubleshooting, and, as a high bitrate interface, bolsters system performance, which is precisely why AVPro Edge has implemented multiple Dante solutions, from amplifiers to encoders and decoders.
