## VIDI 100

### 4K CONFERENCING CAMERA

The Vidi 100 is a 4K camera for use with conferencing systems. Intended for huddle rooms or small conference rooms, the Vidi 100 has a 120° wide field-of-view, allowing everyone in the room to be seen. It can be table-mounted or attached to the room's display. The Vidi 100 is also equipped with a microphone array and built-in noise cancelling algorithms to ensure everyone in the room is heard clearly, regardless of where they are sitting or standing.

#### FEATURES

- 4K video quality
- Wide 120° field-of-view with no distortion
- Built-in microphone array with two omni-directional microphones
- On-board signal processing for noise cancellation
- Supports wide dynamic range and low light conditions
- USB powered
- Covered by Biamp Systems' three-year warranty

#### ARCHITECTS & ENGINEERS SPECIFICATIONS

The conferencing camera shall be designed to connect with conferencing systems. The conferencing camera shall be equipped with one USB 3.0 type B port. The conferencing camera shall be able to transmit audio streams over USB via a USB Class 1 Audio device. The conferencing camera shall be capable of transmitting video signals over USB of up to 3840 x 2160 resolution at 30 frames per second. The conferencing camera shall be equipped with a camera having a 120° field-of-view. The conferencing camera shall be equipped with two omni-directional microphones and integrated signal processing for noise cancellation. The conferencing camera shall be CE marked and compliant with the RoHS directive. Warranty shall be three years. The conferencing camera shall be the Vidi 100.
