

DVDO

DVDO-USBCAOC1-xxM

USB-C AOC Fiber Cables

DVDO-USBCAOC1-xxM are high performance Full-Featured USB-C Active Optical Cables (AOC) capable of transmitting A/V & data and providing power delivery.

They support DisplayPort Alternate Mode (DP 1.4 Alt Mode) up to 4K60 resolutions.

They are rated for the USB 3.2 Gen 2 specifications, allowing fast data transfer at up to 10Gbps without signal loss or delay.

They are capable of passing up to 60 Watts for fast charging of personal devices such as laptops, tablets and phones.

They are available in length options of 5m/16ft, 10m/30ft and 15m/50ft.

Model	Length
DVDO-USBCAOC1-5M	(5m/16ft)
DVDO-USBCAOC1-10M	(10m/33ft)
DVDO-USBCAOC1-15M	(15m/50ft)

Features

- Video resolutions up to 4K60 (2 lane DP 1.4 Alt Mode)
- USB 3.2 Gen 2 up to 10Gbps “SuperSpeed+” (4K all-in-one / conference cameras, SSD storage)
- USB 2.0 480Mbps “High Speed” (peripherals: conference cameras, speakerphones, KVM, hard drives)
- Power delivery up to 60W
- 6.5mm hybrid copper-fiber cable
- EMI interference free
- No external power required
- Length options: 5m/16ft, 10m/33ft & 15m/50ft

Technical Specifications

	4K60 (2 lane DP 1.4 Alt Mode) Video & Audio
	USB 3.2 Gen 2 10Gbps Camera, Speakerphone, KVM & Storage Drive
	USB 2.0 480Mbps 4K Webcam, SSD Storage
	60W Laptops, Tablets & Phones
