

Biamp

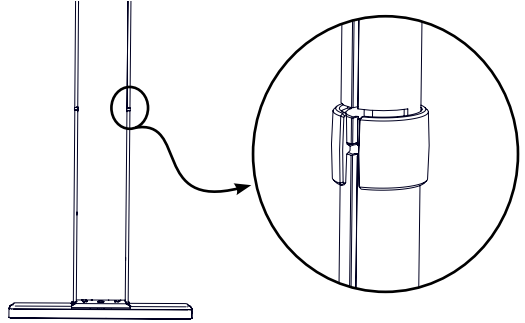

Decorative Cable Cover Kit (DCC-Kit)

Installation Guide

Contents

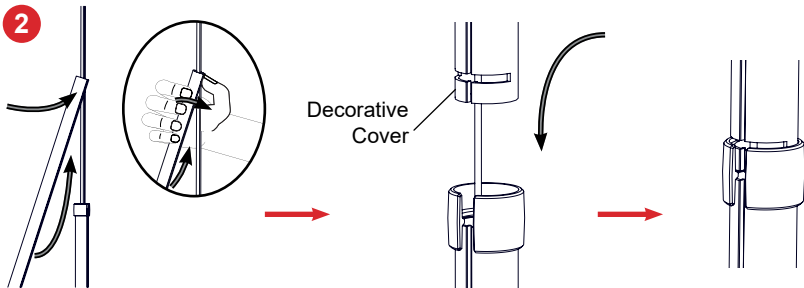

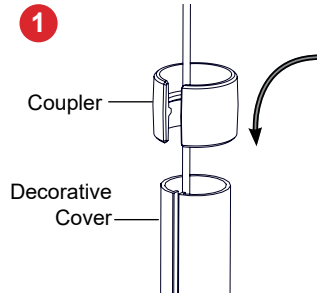

- Decorative Covers (x2)
- Couplers (x2)
- Instructions

(shown with the CBC 2500 CM)

Installation

1. Place coupler on the cable above the installed decorative cover, and move it down to fit over the lower cover.
2. Carefully fit the top end of the cover onto the cable and move it up while pressing the cables into the cover with a thumb. Fit larger cables into the cover first then the aircraft cable. Fit the cover into the coupler.
3. Repeat to apply additional covers onto the cable(s).
